INSTITUTE OF CHRISTIAN THEOLOGIANS, SCHOLARS AND PROFESSIONALS (ICTSP)

Introduction

Institute of Christian Theologians, Scholars and Professionals (ICTSP) was a vision caught by three different individuals who believed strongly in advancing Christian standards globally. Ordinarily, each of these Christian leaders who happened to be a theologian, scholar and professional respectively wanted to go solo in establishing three different Christian organizations as follows:

- 1) Institute of Christian Scholars
- 2) Institute of Christian Theologians
- 3) Institute of Christian Professionals

But while praying and meditating, Holy Spirit ministered unto them to put heads together and form one global Christian professional institute that would bring all and sundry together towards enhancing ministry-life-upskilling and raising Christian standards, hence the birth of what is now globally known as Jesus Institute – Institute of Christian Theologians, Scholars and Professionals (ICTSP). The instruction from Holy Spirit went further that they imbibe and inculcate technology in reaching out to Christians throughout the world. With the introduction of technology as medium of contacts and also means of education, more Christians are now being reached with the aim of helping them grow their ministries and connecting them together for the purpose of exchange of ideologies towards betterment of their ministries.

The Institute of Christian Theologians, Scholars and Professionals (ICTSP) is a global forum of Christian leaders and institutional coaches of like minds who share common purpose to foster deeper relationship and exchange of sound ideologies among concerned members. ICTSP is a Christian professional body globally known for excellence, prompt delivery, high standard, competence and value added system.
